RUTLAND

LOCATION—Rutland, known as "The Marble City," is located midway of the State north and south. It is about 15 miles from the western boundary and has many of the characteristics of the great neighboring State of New York. Distances as follows to important eastern points: New York 235 miles, Boston 167, Montreal 176, Philadelphia 325, Baltimore 420, Burlington 68, Montpelier 66, Bellows Falls 51, Glens Falls 50, Bennington 57, North Adams 77, Schenectady 95, Ogdensburg 224, St. Johnsbury 106, Brattleboro 77.

TOPOGRAPHY—Probably no important city in New England has so grand a setting as Rutland. The city lies among picturesque lakes and streams, the encircling mountains are near, yet far enough away to give plenty of building room and the broad valley running north and south for many miles is one of the beauty spots of America. Noted mountain peaks of the Green Mountain and Taconic ranges can be seen from high parts of the city. The highest peak visible is Mt. Killington, over 4,000 feet. City is 600 feet above sea level. Contains land area of 5,335 acres, water area of 100 acres.

HISTORICAL—The history of Rutland vies with any city in the land for interest. It was settled in 1761, and by 1774 there were 35 families. In common with all frontier settlements it suffered from the depredations of the Indians, and also from the Colonial and Indian Wars. Probably named after Rutland, Massachusetts, because the first grantee of the charter for township was a John Murray from that town. Incorporated a city in 1892.

INDUSTRIAL—Rutland leads the State in industry. In 1930 there

were 37 major plants producing \$6,118,927. Employing 1,642 with a payroll of \$2,093,861 annually. Materials used annually cost \$2,386,421. In the Greater Rutland industrial district there are 113 plants with 5,112 employees, and a payroll of \$6,642,906, value of products annually \$17,950,765. The leading products are antiseptics, medical products, awnings, flags, barrels, confectionery, cement, tile, dairy and creamery machinery, women's clothing, fire clay, roof cement, shirts, collars, ice cream, printing, maple sugar utensils, marble, mattresses, railroad car repairing, sand pumping machinery, scales, trucks, refrigerators, beverages, steam boilers, iron work, stone working machinery, tin cans, wood working materials, granite, slate, garden tools, toys, artificial stone finish, iron castings, fruit packing, clothes pins, threshing machines, saws, dairy products. The quarrying of marble, slate, lime, talc, soapstone and fire clay is extensively carried on in the Rutland district. Agriculture, fruit raising and dairying are important in the county. There are 44,184 farm animals in the county 92% of the labor supply is native born. Average work day in factories is 8 hours, in building trades 8 hours. Available industrial sites are of the best and on trunk line railroads.

FINANCIAL—Rutland has 7 banks and 1 co-operative bank. There

are 4 national banks with capital and surplus of \$1,040,000 and deposits of \$5,785,000; 1 trust company with capital and surplus of \$424,000 and deposits of \$2,000,000; 2 savings banks with resources of \$22,000,000. There is 1 trust com-

The headquarters of the Rutland Railroad is located here, this system has 413 miles of main line running from Troy, N. Y., through the length of Vermont and across northern New York to Ogdensburg where it connects with Great Lakes-St. Lawrence River navigation; there is also a branch from Rutland to Bellows Falls where it connects with two important divisions of the Boston & Maine Railroad; a high type of passenger service is maintained; it is one of the great freight services of New England with its transcontinental connections. The Delaware & Hudson Co. have the terminus of two divisions here: the Whitehall division connects with the main line and offers a route into Canada and also into Pennsylvania without change; the other divisions connect with the main line at Troy. The Clarendon and Pittsford Railroad is a short line. Total number of passenger trains in and out of Rutland daily are 26. There are 13 regular freight trains, the total inbound and outbound tonnage annually is 253,000 tons. With the discard of street railway system Rutland inaugurated a complete bus system which has grown very efficient and not only serves locally but interurban. There are also 7 interurban bus lines covering a total of 295 miles. The main route highways diverge in six directions from Rutland. Two of these highways are concrete and three macadam. The airport has a runway of 1,900 feet north and south and 1,200 feet east and west.

In 1832

We Began Printing

Before the railroad came to Vermont; before the telegraph; the war with Mexico; the Civil War; before the rush to California in '49; when Japan was a closed port; Alaska was a Russian Province; there was no Dominion of Canada nor German Empire; only 23 States had joined the Union.

We are a Century Old and 100 Years Young

We have been learning all these years and are as anxious to serve and abler—than when we started.

Every City must have a Directory not only to give the names and addresses of its citizens, but also to give that character of progressiveness that would record the names of its people for historical purposes. Every one has forefathers, these forefathers have made the history of this country, some day you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. THE BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND NO OTHER PLACE. That stamps its importance to the family. To make your history, watch your directory registration to see that it accurately records your position in life from year to year.

THE CIRCULATION OF THE CITY DIRECTORY EXTENDS TO EVERY CITIZEN OF THIS CITY. The Information Bureaus of the City are for FREE public use and your merchant, banker, physician, dentist, hotel and restaurant and garage man expect that the masses of the people shall without hesitation ask for a look at the City Directory.

THE DIRECTORY

is a mirror reflecting every phase of municipal
life and progress. Every business should be
correctly and completely listed.

ARE YOU?

This Publication is The Product of a Member of

—Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book

and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

THE BEST ADVERTISING MEDIUM IS THE CITY DIRECTORY

Because It Is Used The Most To Find Just Such Information
You Most Wish To Have The Public Know

FIRST—what line of goods you handle. SECOND—where
you are located. Pick up a City Directory anywhere, and al-
most invariably you can tell who the progressive, up-to-date
merchants and professional men are. There are many
brands of clothing, shoes, dry goods, groceries, etc. and some
prefer one kind, some another. What better place to state
your social brands than in the City Directory?
